BBQ POD SPAIN

OUTDOOR COOKING, REDEFINED.

CRAFTED FOR LIFE OUTDOORS

DESIGNED FOR HOW SPAIN LIVES

Imagine cooking, eating, and spending long evenings together, all outdoors, all year round.

BBQ Pod Spain brings the heart of the home outside, creating a dedicated space for cooking, gathering, and entertaining in true Mediterranean style. From relaxed family lunches to late-night dinners with friends, our pods are designed for real life in the Spanish climate.

Each BBQ Pod is a fully integrated outdoor kitchen — thoughtfully engineered for heat, sun, and everyday use. Clean lines, premium materials, and intelligent layouts come together to create a space that feels permanent, practical, and beautifully considered.

This isn't just a BBQ.
It's a place to host, to unwind, and to enjoy your home more.

Turn your outdoor space into the place everyone naturally gathers.
Live better. Entertain longer. Cook outside.

WHY CHOOSE A BBQ POD SPAIN OUTDOOR KITCHEN?

Designed for Spain:

Engineered specifically for Mediterranean living — built to handleheat, sun and year-round outdoor use without compromise.

All-In-One Kitchen:

Grill, sink, fridge, prep space, storage, lighting and power, fully integrated into one complete outdoor kitchen pod.

Marine-Grade Materials:

Built using SUS304 stainless steel and premium outdoor finishes for long-term durability in coastal and inland climates.

Architectural Design:

Clean lines, modern proportions and premium finishes that elevate patios, terraces and poolside spaces.

Fully Customisable

Choose your size, layout, colours, cabinets, worktops and features — with gas, charcoal or dual BBQ options, tailored to how you cook and entertain.

All-Season Use

Motorised door/roof and integrated lighting allow effortless use from sunny days to late-night evenings.

Professionally Installed

Delivered fully assembled and installed by our team,no DIY, no multiple trades, no hassle.

Warrenty Included

All of our range come with a 10 year structural warrenty and 3 year applicance warrenty, giving you peace of mind.

OUR SIMPLE PROCESS

We've made it easy to bring a premium outdoor kitchen into your space.

Enquiry & Initial Review

Get in touch and send us photos or videos of your outdoor space, including access and the intended final position of the pod. In most cases, this allows us to assess suitability without an on-site visit.

Choose Your Pod & Finishes

We'll help you select the right model and guide you through colours, finishes and layout options. If required, we can prepare a custom render so you can visualise your BBQ Pod before confirming.

Site Requirements

To ensure a smooth installation, the final position of the pod must have:

- Level, flat ground
- Electrical outlet
- Water supply

If access or positioning is unclear, a site visit can be arranged where necessary.

Confirm & Secure Your Order

Once your specification is finalised, we'll confirm lead times and delivery details. A 50% deposit is required to secure your order. The remaining balance is due 48 hours before delivery.

Delivery & Installation

Delivery is included within a 3-hour drive of our showroom in Alhaurín de la Torre. 1 hour of crane hire included
Fully assembled delivery and professional placement
Additional delivery distance beyond 3 hours is charged at €100 per extra hour.

Enjoy Your BBQ Pod

Your outdoor kitchen arrives ready to use — designed for relaxed, Mediterranean living.
